LEVIN
Pistol Club Inc

RANGE STANDING ORDERS

Levin Pistol Club Range Complex

Range Standing Orders are written to ensure all Club Members and range users are aware of the conditions that apply to these ranges.

Safety MUST be your prime consideration when using the Levin Pistol Club Ranges.

All persons not involved in the match being shot are to remain at least 1m behind the shooting line or starting position and must remain quiet so as not to interfere with the giving of instructions by any Range Officers.

1. Range

Levin Pistol Club Inc. 73 State Highway 1, Foxton

2. Range name:

Levin Pistol Club Inc Outdoor Foxton Range Complex

3. Range Standing Orders (RSOs) Date:

22 July 2024

4. INTRODUCTION:

- 4.1** Levin Pistol Club Inc Outdoor Foxton Range Complex is a 3 ranges complex on the Horowhenua District Council (HDC) Foxton Rifle Range domain.
- 4.2** The HDC are the owners of this range. **These orders are applicable to ALL PERSONS who enter the property administered by the Levin Pistol Club Inc.** These orders are to be promulgated to all Levin Pistol Club (LPC) members and all other user organisations. A copy of these orders is to be permanently displayed on the LPC Inc. Foxton ranges.
- 4.3** Name of the owner permitting the use of the shooting range: Horowhenua District Council.
- 4.4** The normal hours of operation by the LPC are daily between hours of daylight.

5. Responsibilities:

5.1 The Levin Pistol Club Inc. is the Shooting Range Operator (SRO) and responsible for the overall safe operation of the range.

5.2 The Club President is overall responsible for the day- to-day administration, management and maintenance of the range.

6. Compliance with RSOs:

6.1 Range Standing Orders are written to ensure all Club Members and range users are aware of and comply with the conditions that apply to these ranges.

Please note:

- A. A club member's failure to comply with the RSO and/or instructions of the Range Officer in charge of the range is considered serious misconduct and a breach of the Arms amendment Regulations 1992 version posted 15 December 2022.**
- B. This will result in instant removal of the member from the range and the club premises.**
- C. A club member that is removed from the range is referred to the LPC Committee and stood down from the club until the LPC Committee has met and is able to assess what further action is required.**
- D. The RO and/or Committee member that removes the affected club member is to immediately complete an incident form to ensure the incident is appropriately documented for action by the LPC Committee.**

7. Range Location:

7.1 The range complex is located at NZ Topo50 Map BM33

- NZTM Reference E1794241 N5518566

7.2 73 State Highway One, Foxton.

8 Approved Range Users and Priority of Use:

- A. Levin Pistol Club Inc. members and affiliated members with a current FAL and B endorsement.
- B. Members of PNZ
- C. Visitors organised social events. IE. One on one supervised company social shoots.

Note: The range is not to be allocated for use by non-members or non- affiliated organisations without the express authority of the Levin Pistol Club Committee.

9 Warning Flags and Danger Signs

9.1 There are 3 red flags raised when the range is in use and members are shooting.

9.2 One each at the west and east gate and one on top of the back stop hill (Grid ref NZTM E1793931 N55518813)

9.3 Warning signs are to be placed at regular intervals along the range boundary.

10 Description of individual ranges, restrictions and conditions of use:

- There are three ranges in the Levin PC Range Complex:

Range One Description: 45m Outdoor No Danger Area Range (The range is the area between the red markers and the backstop)

➤ **Range one**

- Restrictions**
- [a] Pistols up to and including .50 calibre.
 - [b] Rifles up to and including 5.56mm (.223) calibre.
 - [c] Rifles approved for pistol calibres up to and including .45 calibre.
 - [d] Black Powder (muzzle loading) rifles up to and including .70 calibre.
 - [e] Black Powder (muzzle loading) pistols up to and including .70 calibre.
 - [f] Shotguns up to 12 Gauge using birdshot with reduced load or buckshot only. Projectiles are lead only, no solid or steel slugs allowed.

Conditions of Use:

All approved Pistol NZ soft targets may be used.
Standard target centre height is 1.2 meters off the floor of the range.
All targets should be placed as close as possible to the bullet catcher.
A maximum of 5 shooters can fire at the same time.

Range Two Description: 25m Outdoor No Danger Area Range (The range is the area between the red markers and the backstop)

➤ **Range two**

- Restrictions**
- [a] Pistols up to and including .45 calibre
 - [b] Rifles approved for pistol calibres up to and including .45 calibre
 - [c] Black Powder (muzzle loading) rifles and pistols up to and including .70 calibre
 - [d] Shotguns up to 12 Gauge using birdshot with reduced load or buckshot only. Projectiles are lead only, no solid or steel slugs allowed.

Conditions of Use:

All approved Pistol NZ Soft and Steel targets may be used.
Standard target centre height is 1.2 meters off the floor of the range.
All targets should be placed as close as possible to the bullet catcher.
A maximum of 5 shooters can fire at the same time.

Range Three Description: 25m Outdoor No Danger Area Range (The range is the area between the red markers and the backstop)

➤ **Range Three**

- Restrictions**
- [a] Pistols up to and including .45 calibre
 - [b] Rifles .22LR calibre only
 - [c] Rifles (pistol calibre only) up to and including .45 calibre.

Conditions of Use:

All approved Pistol NZ steel targets only.
Standard target centre height is 1.2 meters off the floor of the range. All targets should be placed as close as possible to the bullet catcher.
A maximum of 2 shooters can fire at the same time.

All Steel targets are to be placed under the eyebrow.

11 Range Safety Roles:

11.1 Description of the range safety roles required for the safe conduct of a shooting activity:

- A. An Officer on Duty (OD)/ Range Officer (RO) must be on duty at all times when a range is in use. The OD/RO must hold a firearms licence and be appropriately trained in shooting range safety management and be familiar with these Range Standing Orders.
- B. The RO must hold a B endorsement and be qualified as Pistol NZ RO.
- C. As part of the LPC member training, all members need to successfully complete the PNZ RO training and safety test, prior to be able to become a full LPC member. The secretary maintains a register of RO trained members, and this is also stated on their club ID. Only full members with a B Endorsement can independently access the range. The B endorsement is indicated on the members LPC ID from 6-2023 onwards.
- D. The LPC range attendance record also indicates who the RO is by PNZ ID, date, time the range is used.
- E. Any other qualified safety officer may be appointed as required by match rules.

12 Safety Rules:

a. Generic safety rules.

Safety of the range is the responsibility of all range users.

The following safety rules must be followed at all times:

1. On all ranges and to avoid ricochet problems, every effort must be made to ensure target placement is as close to the bullet catcher as possible.
2. By entering this range, you agree to adhere to these RSO rules.
- 3. New club members are not allowed to start their training on this range.**
4. Probationary members in training need to be under the direct supervision of the LPC training (or assistant training) officer.
5. Probationary members, visitors from other pistol clubs and full members without a B endorsement can only access this range once they have successfully completed the LPC training program and are able to shoot with a Cone of Fire of 23mils. They need to be under the **direct supervision** of a full member of the LPC who has a current FAL with a B endorsement.
6. Shooters are allowed to use standing, kneeling and prone shooting positions.
7. Full members/affiliated members are only allowed to independently access this range once they have obtained their B endorsement and have a LPC key and range access code.
8. When a range is in use, it shall at all times be under the control of a Range Officer (as specified by PNZ), whose authority is absolute and all persons on the range shall act under their direction.
9. The Range Officer shall be responsible for the observance of these rules and for the reporting of any breach to the Club Committee without delay.
10. All firearms loaded or not must be pointed down-range at all times, unless holstered.
11. Firearms must not be left unattended at any time.
12. Firearms that are not your own are not to be touched without owner's consent.
13. Firearms are not to be loaded unless under the direct control of a Range Officer or Match Official.
14. Firearms are not to be handled while people are forward of the firing line with the exception of the safety zone.
15. Pistols are not to be placed loaded in a holster unless the shooter is holster qualified and then only under the direction of a qualified Range Officer or approved Match Official.

16. No firearm may be removed from the firing point until it has been checked and verified by the Range Officer or other approved Match Official as being clear.
17. When shooting pistols, **ALL** members without a “B” endorsement on their firearms licence, must be under the direct (one on one) supervision of a member with a “B” endorsement on their firearms licence.
18. Pistols must be cased or holstered, with rifles and shotguns cased / bagged / or on a gun cart with a chamber flag in place, not carried in the hand, at all times when moving about the range, unless under the control of a Range Officer or other Match Official as part of an approved IPSC or CAS match. Where a Safety Zone has been declared, firearms may be cleaned, repaired or tested by cycling or dry firing **ONLY** in such zone. Ammunition or anything resembling ammunition including dummy or drill rounds are **not permitted to be handled** in any Safety Zone **under any circumstances**.
19. Any malfunctioning pistols with a live round in the chamber, are to be taken to the repair zone. They cannot be repaired in the safety zone.
20. Only PNZ approved Range Commands are to be used in line with the different PNZ shooting disciplines.

b. Special requirements before, during and post shooting.

1. When entering the range, open the shipping container: all shooters need to complete the range attendance register, either in hard copy in the container or via our QR code email system. Please ensure you use the appropriate form for club events when you register in hard copy. **Incorrect completed attendance registration cannot be counted towards planned club events.**
2. Ensure you close the SH1 gate when you arrive. The range gates and the gates with the number locks are to remain locked unless members are on the range. **Members are strictly prohibited from sharing the lock numbers.**
3. All members and visitors **MUST** report to the Range Officer on arrival.
4. All members **must wear their current LPC ID** while on the range.
5. Ensure the red flags are up at the gates and on top of the hill prior to commencing firing.
6. Ensure you cease firing if there is a plane landing or taking off from the airfield.
7. Visitors are to pay a range fee by internet transaction into **ANZ account Levin Pistol Club Inc. number: 01-0731-0123207-000**. Please allow the range officer to take a photo of your FAL to identify the payment. Alternatively, they can deposit the range fee in the honesty box in the container.
8. Before shooting, all firearms and ammunition remain cased until the Range Officer opens the range.
9. **Each range must have an individual RO on duty when the range is in use.**
10. Shooters prepare the targets, and these are placed at the backstop or side backstop only. When placed on the side backstop they need to be placed within 15 M of the backstop.
11. Once the range is open all members on the range are to wear eyes and ears protection suitable for the calibres being used.
12. Once the range is open the pistols can be removed from their cases and the muzzles are always pointing down range. When shooting IPSC or speed steel the pistols are removed from their cases in the safety zone and holstered. When shooting CAS follow the instructions of the loading table safety officer.
13. During shooting, **no observers or visitors** are allowed on the range unless under direct supervision of the LPC range master/trainer. They are prohibited from

- speaking or interacting with the shooters and/or the RO during the period the range is open.
14. Shooters are to put up their hand up in case of a misfire or malfunction and receive assistance from the RO as required.
 15. Post shooting:
 - A. **ISSF**: the RO checks all the pistol chambers to ensure they are empty, and a flag is placed in the empty barrel. Revolvers have their cylinders out and semi auto-pistols have an open chamber, and the empty magazine is placed on top of the pistol, so it is clearly visible that there are no bullets present in the magazine or cylinder.
 - B. **CAS: 1**. Range Clear command is given after the shooter has completed their run, the revolvers are holstered, the long guns are picked up and pointed in a safe direction with the actions open, and the shooter is on the way to the unloading area. It is now safe to gather brass and prepare for the next shooter in line.
 2. **Unload and Show Clear**, command is given by the unloading officer when a shooter comes to the unloading area/table. (Applies to all guns taken to the firing line),
 3. **Gun Clear**, is appropriate Unloading Officer response as EACH firearm is successfully inspected at the unloading table/area.
 4. **Down Range**, is announced prior to anyone proceeding down range. All participants at both the loading and unloading areas should cease firearm loading/unloading. and raise hands in the air as a visual confirmation that no firearm is being handled while someone is downrange.
 - C. **IPSC** command: STOP, if you have finished, unload and show clear, if clear, hammer down. Holster.
 - D. **Speed Steel** command: STOP, if you have finished, unload and show clear, if clear, hammer down, Holster.
 16. When the shooter has completed their shooting and the range is still open, the RO checks their weapon is clear prior to the weapons being cased and closed. Once this is completed by the RO the range is safe and the RO will give the command that the range is closed or safe.
 17. Once the range is safe the RO gives the command that the shooters can go forward, and the targets can be scored and/or patched.
 18. Club guns are giving out and returned to their case by the RO and / or the Club Armourer / Club training officer only.
 19. Unloaded weapons are allowed to be handled in the range safety zones.
 20. After all shooting has been completed for the entire club meeting, the shooting targets are removed and stored.
 21. When leaving the range please ensure
 - A. All the equipment used is returned.
 - B. The range is clean and tidy.
 - C. You have taken all your used shells and rubbish.
 - D. The container room has been locked.
 - E. All flags are down.
 - F. All the gates between SH1 and the Range are locked.

Specific safety rules for the use of the range/range complex

1. These RSOs take precedence over all other individual shooting discipline rules.
2. By entering this range, you agree to adhere to these RSO's.
3. To independently access this range, shooters need to be Levin Pistol Club Inc. full members and affiliated members with a current FAP and B endorsement.
4. Shooters need to be able to shoot within a 23 mils Cone of Fire to be allowed to shoot on the Foxtan range.
5. All persons not involved in the match being shot are to remain off the range. Their behaviors must not to interfere with the giving of instructions by any Range Officer (RO).
6. It is imperative that you follow the Range Officers commands, failing to do so will result in your removal from the pistol range.
7. Only people who are shooting are allowed on the range unless you have permission from the range officer.
8. You can only enter the range area with approval of the RO.
9. When the range is in use it is mandatory to wear eye and ear protection in the complex.
10. Ensure your clothing is enclosed and appropriate for the shooting activity. Para-military clothing or clothing with offensive slogans is not allowed. You should wear enclosed shoes with reasonably flat soles, such as running shoes. These provide good stability. Appropriate dress will protect you and others from your reaction if a hot shell case lands in your shirt or on your foot.
11. Any member or visitor who does not hold a "B" endorsed firearms licence may only shoot a pistol if they are under the immediate supervision of a "B" endorsed licence holder.
12. Pistols are only allowed to be removed from their receptacle and placed on the firing line after the Range Officer has given the command to do so.
13. Always keep the pistol pointed in a safe direction.
14. Never point a firearm at any person or handle the pistol in such a way as to appear to be pointing it at someone. Ensure you are always aware of the direction the muzzle of your pistol is pointing.
15. Do not complete any repairs to your pistol at the firing line. Repairs can only be completed in the designated repair zone.
16. Ensure you know and understand the Range officer's commands.
17. Only load the pistol at the firing line when you are told to do so by the range officer.
18. You can only fire your pistol after the Range Officer has opened the range and given the appropriate command for your discipline to commence or fire.
19. Put up your hand and wait for the range officer if your pistol malfunctions.
20. Once you have completed your firing series follow the safety instructions for your discipline.
21. Pistols are not to be placed loaded in a holster unless the shooter is holster qualified and then only under the direction of a qualified Range Officer or approved Match Official.
22. Pistols are to be cleared by the Range Officer prior to scoring and patching the targets.
23. You can only score and patch the targets once the Range Officer has given the command that you can go forward.
24. Pistols are always cleared by the Range Officer prior to placing them in their

receptacle for removal from the firing line.

25. Ensure you leave the shooting bay and target ready for the next shooter.

Approved shooting activities.

26. LPC members are only allowed to shoot approved firearms and ammunition with the appropriate licence and endorsement within the restrictions of these RSOs.

- a. **Range One:** PNZ Rules: IPSC, CAS, Multi Gun, ISSF, Service pistol, Muzzle loading, shotgun. WA1500
- b. **Range Two:** PNZ Rules: IPSC, Speed Steel, CAS, Multi Gun, ISSF, Service pistol, Muzzle loading, shotgun and handgun metallic silhouette. WA1500.
- c. **Range Three:** PNZ Rules: IPSC, Speed Steel, Handgun Metallic Silhouette, Service pistol.

Unapproved shooting activities.

27. Any shooting activities not approved in these RSOs must be reviewed by the LPC Committee and submitted the SRO for approval.

13 New Ammunition Use

13.1 If a new type of ammunition is proposed for use on the range, it must be approved for use by the SRO, if considered safe to do so. Before inclusion in the RSOs, the requirements of section 34 of these orders are to be adhered to.

14 Targets

14.1 Only approved Pistol NZ Targets or targets approved by the LPC Committee can be used on these ranges.

14.2 The procedure for the approval to use new targets or target systems: The use of new targets and target systems must be approved by the LPC Committee and prior to use. Before inclusion in the RSOs, the requirements of section 34 of these orders are to be adhered to.

15 Steel Targets

1. Steel targets can only be used on Range Two and Three. Only approved and certified steel plate targets may be used on the Levin Pistol Club Ranges.
2. The minimum grade of plate approved by PNZ is AR450 or equivalent.
3. Steel targets need to be in good repair.
4. Standard height for steel targets is 1.2 – 1.5m. centres off the floor of the range.
5. All targets should be placed as close as possible to the bullet catcher.

16 Moving Targets

- There are **NO** running targets allowed on these ranges.

17 Minimum safe engagement distances.

1. The minimum distance permitted for engaging a steel target is:
 - a. 7 meters for IPSC/ISSF pistol
 - b. 7 meters for IPSC mini rifle (.22LR)
 - c. 25 meters for IPSC rifle
 - d. 12 meters for IPSC shotgun (birdshot/buckshot)
 - e. 7 meters for CAS pistol/ rifle
 - f. 7 meters for CAS shotgun (birdshot with reduced loads)

- g. 7 meters for NRA pistol
2. All steel plate targets to be set in a manner that will reduce the possibility of ricochets with non-reactive plates set at a minimum angle of 15%.
3. **Under no circumstances are shotguns using steel shot to be used on any steel plate targets**
4. **No ammunition with a velocity of more than 1600 feet / second is permitted to be used on Steel plate targets.**
5. The minimum safe engagement distance for each range is:
 - a. **Range One:** No minimum safety engagement distance applies; range is paper targets only.
 - b. **Range Two:** As per 17.1
 - c. **Range Three:** As per 17.1

18 Eye and Hearing Protection.

- All members and visitors to the club are to wear approved eye and hearing protection at all times when firing is progress.

19 Medical and emergency.

- A The first aid kit is available from the container on the range.
- B Use mobile phone to dial 111 and contact emergency service required.
- C. The address is Levin Pistol Club Outdoor Range, 73 State Highway 1, Foxton
- D Ensure the gates are unlocked so emergency services can access.
- E Send a member down to SH1 to meet the ambulance and give them directions.

20 Accident/Incident Procedures.

20.1 Accidents not involving a Firearm: The following procedure is to occur:

1. Cease Firing and follow he commands of the RO.
2. Ensure the scene/situation is safe for all participants.
3. Render immediate first aid and assess the need for evacuation of the casualty to the nearest medical facility or onsite recovery by emergency services.
4. Notify any LPC committee members available on the range.
5. Notify the Club President or Secretary.
6. Complete an accident/incident report.

20.2 Accidents involving a firearm causing injury or death;

1. Cease Firing and follow the commands of the RO.
2. Ensure the scene/situation is safe for all participants.
3. Render immediate first aid and assess the need for evacuation of the casualty to the nearest medical facility or onsite recovery by emergency services.
4. Ensure all gates are unlocked for emergency services (if required)
5. Do not interfere with the scene. make no attempt to remove or strip the firearm.
6. Notify the Police.
7. Advise the Club President or Secretary.
8. Advise the Executive Officer Pistol New Zealand.
9. Complete an accident/incident report.

NOTE: It is important that all users are aware of sect-20 Accident procedures and fully comply re in the case of any accident involving a firearm.

21 Fire precautions and procedures.

- A. A fire permit must be obtained from the local authority before any fire can be lit on within the range complex.

- B. All precautions are to be taken to reduce the possibility of fire in structures and the surrounding grounds.
- C. All reasonable precautions are to be taken against fire and all fires are to be extinguished as quickly as possible if safe to do so.
- D. The fire evacuation procedure is available on the wall in the container The evacuation area is the area in front of the building.
- E. There are no onsite fire alarms because the area is an outdoor range area.
- F. There are fire extinguishers available from the container on the range.
- G. The HDC relevant seasonal fire restrictions are to be complied with.
- H. If you discover a fire:
 - Warn other range occupants.
 - Call out fire & dial 111 using your mobile phone – ask for Fire.
 - Firefighting equipment is located in the club container.
- I. When warned of a fire on this range:
 - Unload, secure and remove your weapons and ammunition.
 - You must leave the range immediately using the nearest exit.
 - Exits are located on the west and east side of range the numbers for the lock are the same.
 - Assemble in area in front of the gate next to SH1.
 - If you require assistance to evacuate, call out: help required.

22 Range clearance

- A. The RO clears all the guns at the completion of the shooting activity prior to the guns being cased. All the club guns are cased by the RO and/or the club armourer / trainer.
- B. Guns and ammunition are removed from the range.
- C. The used targets are removed.
- D. Empty shells are removed by the shooters.
- E. Any rubbish is removed from the range and taken home by the shooters.
- F. All used equipment is put in the container and/or the storage area.
- G. Danger flags are lowered and recovered.
- H. The container and all gates are locked.

23 Unauthorised access and/or use of the range.

- A. Only approved range users can access the range. Others given use of the Range Complex require written authority from the Club. Any individual or organisation unable to provide this approval as proof of authority will be asked to leave the property immediately.
- B. Any refusal to leave should be reported to the NZ Police and to a member of the Levin Pistol Club Committee as soon as possible.
- C. Any unauthorised access and/or use of the range is reported to the president of the LPC. The president of the LPC will notify the police if required. An incident form regarding the unauthorised access will be completed by the person who identifies the incident.
- D. The incident form is submitted to the LPC committee for further action.

Range intrusion Procedure:

When a range in use for live firing, it is the responsibility of all persons on the range that if any people, animals, vehicles or aircraft are seen to enter or about to enter the range and its danger area, they are required to shout 'STOP', and all shooting is to stop immediately. Only when the intrusion is clear may live firing resume under the instruction of the RO.

24 Cones of Fire (CofF)

- A. The Pistol Cone of Fire for this range is 23 mils.
- B. The Rifle Cone of Fire for this range is 20 mils.

| CONE OF FIRE: Handgun & IPSC Shotgun: 1.3 deg. (23 mils) (Horizontal and Vertical) | | |
|--|-----------------------------|-------------------------------|
| Distance (Metres) | Radius (Millimetres) | Diameter (Millimetres) |
| 15 | 340 | 680 |
| 20 | 454 | 908 |
| 25 | 560 | 1120 |
| 35 | 794 | 1588 |
| 45 | 1021 | 2042 |
| CONE OF FIRE: Rifle Up to 5.56mm: .1.125 deg. (20) mils (Horizontal and Vertical)- STANDING | | |
| Distance (Metres) | Radius (Millimetres) | Diameter (Millimetres) |
| 20 | 392 | 784 |
| 25 | 491 | 982 |
| 35 | 687 | 1374 |
| 45 | 883 | 1766 |

25 Inability to achieve Cone of Fire

Full membership shooters who shoot outside the 23 mils CofF are recorded in an incident register- Firearms discharge not causing injury and are referred back to the club trainer to recommence the LPC shooting training programme. These shooters are required to shoot under direct supervision of a full member holding an A and B FAL endorsement, until they are able to achieve the required 23mils CofF.

If, for any reason any shots fired fall outside the Cone of Fire, the Range Officer is to:

- A. Halt all firing and identify the shooter responsible.
- B. Observe that shooters next shot and if it falls within the Cone of Fire allow that shooter to continue firing.
- C. If the observed shot does not fall within the Cone of Fire, the shooter is to be provided with a suitable coach with the intention of bringing the next shot within the Cone of Fire.
- D. Shooters who are unable to achieve the Cone of Fire are to be prevented from further firing. Shooters prevented from firing in this way may resume firing following the completion of the LPC approved training program with the firearm.

26 Un-licenced or inexperienced shooters.

- A. Unlicenced or inexperienced shooters and visitors are not allowed unsupervised access to any of the ranges.
- B. Unlicenced or inexperienced shooters and visitors must be supervised by a licence holder with a B endorsement whilst on the firing line.
- C. The RO will determine the level of supervision required.

27 Test Firing.

If new firearms or new ammunition types require testing, approval to test fire must first be given by SRO and conducted under the supervision of an RO.

28 Air Danger Height (ADH).

28.1 Shooters are to be made aware that the range is close to the Foxton airport and small planes take off and land there during daylight hours. All ranges are No Danger Area ranges and therefore there is no ADH.

28.2 Any aircraft seen approaching the range in a manner that may see them fly over the range whilst live firing is in progress, the RO must immediately call for a stop to all shooting until the aircraft clears the area.

29 Range maintenance plan.

This range is owned by HDC and the Levin Pistol Club Inc Health and Safety standards are subject to the Health and Safety standards and maintenance plan of the HDC

- A. The LPC Health and Safety Officer is responsible for the completion of our maintenance program.
- B. They complete monthly range checks and maintenance in accordance with the LPC maintenance programme.
- C. Any issues are corrected if possible and/or referred to the HDC and/or the LPC committee.
- D. The maintenance of the bullet catcher is the responsibility of the LPC.

30 Children (Minors).

Minors under the age of 18 are allowed in the LPC shooting domain but only under direct supervision of an adult.

31 Health and hygiene.

- Members are encouraged to wash their hands after they have been shooting on the range in particular before handling food.
- Sun protection should be used on hot days.
- Avoid dehydration.

32 Domestic animals.

- Domestic animals are not allowed on the range during active firing due to the potential damage to their hearing.

33 Additional headings (if required).

34 Amendments.

The SRO must review and approve any proposed amendment. If approved, the SRO is to submit the amendment to the Clubs and Ranges Team at Te Tari Pūreke - Firearms Safety Authority. The Clubs and Ranges Team will review the proposed amendment for approval. If approved, the SRO can include the amendment in the RSOs with a new effective date and distribute accordingly. All previous copies of the RSOs are no longer valid.

35 Authorisation of RSOs

The Levin Pistol Club Inc. Committee have authorised these RSOs.

36 Distribution list:

1. All Levin Pistol Club Inc. Members and LPC website
2. Posted on the Levin Pistol Club Inc. Notice Board.
3. NZ Police - Local station
4. Clubs and Ranges, Te Tari Pūreke – Firearms Safety Authority
5. Pistol NZ Range Certification File
